## SINFT-Filter: extensive line of replacement filter elements

### HOW TO ORDER OR SEND INQUIRY?

To get a suitable replacement filter element, you can tell us the original brand and the part number(model) of the filter element you are looking for.

There are more than 150,000 models of filter elements in SINFT database.

With the information, SINFT can offer you the correct filter elements to meet your requirements.

To meet our customer's requirements, we have made some modifications to the sizes and materials of the replacement filter elements in order to provide an improved filtration solution. The feedback from our customers indicates that the filtration result is excellent.
